THE AGREEMENT effective as of the 1st day of April, 2009

BETWEEN :

Waterloo Wellington LOCAL HEALTH INTEGRATION NETWORK (the “LHIN”)

Background:

Prior to providing funding for the provision of services to its local health system, the *Local Health System Integration Act, 2006* requires that the LHIN and the HSP enter into a service accountability agreement.

The service accountability agreement is a multi-year agreement. It supports a collaborative relationship between the LHIN and the HSP to improve the health of Ontarians through better access to high quality health services, to co-ordinate health care in local health systems and to manage the health system at the local level effectively and efficiently.

In this context, the HSP and the LHIN agree that the provision of services to the local health system by the HSP will be funded as set out in this Agreement.

 - (ii) Applicable Law;
 - (b) When providing the Services, the HSP will meet the Performance Standards and Conditions identified in Schedule “E”, if Schedule “E” is included in this Agreement;

Such consent will be in the sole discretion of the LHIN and may be subject to additional terms and conditions.

(b) If the HSP is permitted to subcontract the provision of the Services, the HSP will make reasonable efforts to include in its subcontract, (i) provisions that permit the LHIN and the Auditor General to audit the subcontractor to the same extent as set out in provisions 8.3 and 8.6 of this Agreement; (ii) other provisions necessary for the HSP to fulfill its obligations under this Agreement; (iii) a provision that enables the subcontract to be assigned in the event that this Agreement is terminated; and (iv) a provision that permits the LHIN to revoke approval of the subcontractor without legal liability to either the HSP or the subcontractor.

(c) If permitted to use subcontractors, the HSP will remain liable for obligations performed by a subcontractor to the same extent as if the HSP had performed such obligations. For the purpose of this Agreement work performed by the HSP's subcontractor will be deemed work performed by the HSP.

(d) Nothing contained in this Agreement or a subcontract will create a contractual relationship between any subcontractor or its directors, officers, employees, agents, partners, affiliates or volunteers and the LHIN.

In addition to all other contractual rights or rights available at law or in equity, the LHIN may immediately terminate the Contract upon giving notice to the HSP where: (a) the HSP fails to disclose an actual or potential Conflict of Interest; (b) the HSP fails to comply with any requirements prescribed by the LHIN to resolve a Conflict of Interest; or (c) the HSP Conflict of Interest cannot be resolved. This paragraph will survive any termination or expiry of the Agreement.

ARTICLE 4 - FUNDING

4.1 **Funding.** The LHIN:

- (i) will provide the funds identified in Schedule "B" to the HSP for the purpose of providing or ensuring the provision of the Services;
- (ii) may pro-rate the funds identified in Schedule "B" to the date on which the Agreement is signed, if that date is after April 1; and
- (iii) will deposit the funds in instalments [once/twice] monthly over the Term of the Agreement, into an account designated by the HSP provided that the account resides at a Canadian financial institution and is in the name of the HSP.

4.2 **Limitation on Payment of Funding.** Despite section 4.1, the LHIN:

- (i) will not provide any funds to the HSP until the Agreement is fully executed;
- (ii) will not provide any funds to the HSP until the HSP meets the insurance requirements described in section 11.4;

- (iv) may adjust the amount of funds it provides to the HSP in any Funding Year based upon the LHIN's assessment of the information contained in the Reports.

4.3 **Appropriation.** Funding under this Agreement is conditional upon an appropriation of moneys by the Legislature of Ontario to the MOHLTC and funding of the LHIN by the MOHLTC pursuant to the Act. If the LHIN does not receive its anticipated funding the LHIN will not be obligated to make the payments required by this Agreement and the LHIN may terminate the Agreement in accordance with section 12.1(b).

4.4 **Additional Funding.**

(a) Unless the LHIN has agreed to do so in writing, the LHIN is not required to provide additional funds to the HSP for providing additional Services or for exceeding the requirements of Schedule E.

(b) The HSP may request additional funding by submitting a proposal to amend its Service Plan. The HSP will abide by all decisions of the LHIN with respect to a proposal to amend the Service Plan and will make whatever changes are requested or approved by the LHIN. The Service Plan will be amended to include any approved additional funding.

4.5 **Conditions of Funding.**

(a) The HSP will:

- (i) use the Funding only for the purpose of providing the Services in accordance with the terms of this Agreement;
- (ii) spend the Funding only in accordance with the Service Plan; and
- (iii) propose, achieve and maintain an Annual Balanced Budget.

(b) “Annual Balanced Budget” means that, in each fiscal year of the term of this Agreement, the total expenses of the HSP are less than or equal to the total revenue, from all sources, of the HSP.

(c) The LHIN may impose such additional terms or conditions on the use of the Funding which it considers appropriate for the proper expenditure and management of the Funding.

4.6 **Interest.**

(a) Funding will be placed in an interest bearing account at a Canadian financial institution.

(b) Interest Income must be used, within the fiscal year in which it is received, to provide the Services.

- (c) Interest Income will be reported to the LHIN and is subject to a year end reconciliation. In the event that some or all of the Interest Income is not used to provide the Services:
 - (i) the LHIN may deduct the amount equal to the unused Interest Income from any further Funding instalments under this or any other agreement with the HSP; and/or
 - (ii) the LHIN may require the HSP to pay an amount equal to the unused Interest Income to the Ministry of Finance.

4.7 **GST.** The HSP:

- (i) acknowledges that all GST rebates it anticipates receiving from the use of the Funding have been incorporated in its Budget;
- (ii) agrees that it will advise the LHIN if it receives any unanticipated GST rebates from the use of the Funding, or from the use of funding received from either the LHIN or the MOHLTC in years prior to this Agreement that was not recorded in the year of the related expenditure;
- (iii) agrees that all GST rebates referred to in (ii) will be considered Funding in the year that the rebates are received, regardless of the year to which the rebate relates.

4.8 **Procurement of Goods and Services.** The HSP will have a procurement policy in place that requires the acquisition of supplies, equipment or services valued at over \$25,000 through a competitive process that ensures the best value for funds expended. If the HSP acquires supplies, equipment or services with the Funding it will do so through a process that is consistent with this policy.

4.9 **Disposition.** The HSP will not, without the LHIN's prior written consent, sell, lease or otherwise dispose of any assets purchased with Funding, the cost of which exceeded \$25,000 at the time of purchase.

ARTICLE 5 - REPAYMENT AND RECOVERY OF FUNDING

5.1 **Repayment and Recovery.**

(c) **On Reconciliation and Settlement.** If the year end reconciliation and settlement process demonstrates that the HSP received Funding in excess of its entitlement, the LHIN will require the repayment of the excess Funding.

(d) **As a Result of Performance Management or System Planning.** If Services are adjusted, as a result of the performance management or system planning processes, the LHIN may adjust the Funding to be paid under Schedule "B", require the repayment of excess Funding and/or adjust the amount of any future funding installments accordingly.

(e) **In the Event of Forecasted Surpluses.** If the HSP is forecasting a surplus the LHIN may adjust the amount of Funding to be paid under Schedule "B", require the repayment of excess Funding and/or adjust the amount of any future funding installments accordingly.

(f) **On the Request of the LHIN.** The HSP will, at the request of the LHIN, repay the whole or any part of the Funding, or an amount equal thereto if the HSP:

- (i) has provided false information to the LHIN knowing it to be false;
- (ii) breaches a term or condition of this Agreement and does not, within 30 Days after receiving from the LHIN written notice of the breach, take reasonable steps to remedy the breach; or
- (iii) breaches any federal or provincial law or regulation that directly relates to the provision of, or ensuring the provision of, the Services.

(g) Subsections 5.1(c) and (d) do not apply to Funding already expended properly in accordance with this Agreement. The LHIN will, at its sole discretion, and without liability or penalty, determine whether the Funding has been expended properly in accordance with this Agreement.

5.2 **Provision for the Recovery of Funding.** The HSP will make reasonable and prudent provision for the recovery by the LHIN of any Funding for which the conditions of Funding set out in subsection 4.5 are not met and will hold this Funding in accordance with the provisions of subsection 4.6 until such time as reconciliation and settlement has occurred with the LHIN. Interest earned on Funding will be reported and recovered in accordance with subsection 4.6.

5.3 **Settlement and Recovery of Funding for Prior Years.**

(a) The HSP acknowledges that settlement and recovery of Funding can occur up to seven (7) years after the provision of Funding.

(b) Recognizing the transition of responsibilities from the MOHLTC to the LHIN, the HSP agrees that if the parties are directed in writing to do so by the MOHLTC, the LHIN will settle and recover on behalf of the MOHLTC, and the HSP will enable the recovery of funding provided to the HSP by the MOHLTC in fiscal 2000/01 and every subsequent fiscal year up to and including 2006/07. All such settlements and recoveries will be subject to the terms applicable to the original provision of funding.

5.4 **Debt Due.**

(a) If the LHIN requires the re-payment by the HSP of any Funding, the amount required will be deemed to be a debt owing to the LHIN by the HSP. The LHIN may adjust future funding instalments to recover the amounts owed or may, at its discretion, direct the HSP to repay the amount owing to the LHIN.

(b) All amounts repayable to the LHIN will be paid by cheque payable to the "Ontario Minister of Finance" and mailed to the LHIN at the address provided in section 13.1.

5.5 **Interest Rate.** The LHIN may charge the HSP interest on any amount owing by the HSP at the then current interest rate charged by the Province of Ontario on accounts receivable.

ARTICLE 6.0 - PLANNING & INTEGRATION

6.1 **Planning for Future Years.**

(a) **Advance Notice.** The LHIN will give at least sixty Days notice to the HSP of the date by which a Community Annual Planning Submission ("CAPS"), approved by the HSP's governing body, must be submitted to the LHIN.

(b) **Multi-Year Planning.** The CAPS will be in a form acceptable to the LHIN and will incorporate (i) prudent multi-year financial forecasts; (ii) plans for the achievement of performance targets; and (iii) realistic risk management strategies. It will be aligned with the LHIN's Integrated Health Service Plan and will reflect local LHIN priorities and initiatives. If the LHIN has provided multi-year planning targets for the HSP, the CAPS will reflect the planning targets.

(c) **Multi-year Planning Targets.** Schedule "B" may reflect an allocation for the first fiscal year of this Agreement as well as planning targets for up to two additional years, consistent with the Term of the Agreement. In such an event,

(i) the HSP acknowledges that if it is provided with planning targets, these targets are (A) targets only, (B) provided solely for the purposes of planning, (C) are subject to confirmation and (D) may be changed at the discretion of the LHIN. The HSP will proactively manage the risks associated with multi-year planning and the potential changes to the planning targets.

(i) the LHIN agrees that it will communicate any material changes to the planning targets as soon as reasonably possible.

(d) **Service Accountability Agreements.** The HSP acknowledges that if the LHIN and the HSP enter into negotiations for a subsequent service accountability agreement, funding may be interrupted if the subsequent accountability agreement is not executed on or before the expiration date of this Agreement.

6.2 Community Engagement & Integration Activities.

(a) **Community Engagement.** The HSP will engage the community of diverse persons and entities in the area where it provides health services when setting priorities for the delivery of health services and when developing plans for submission to the LHIN including, but not limited to, CAPS and integration proposals.

(b) **Integration.** The HSP will, separately and in conjunction with the LHIN and other health service providers, identify opportunities to integrate the services available to the local health system to provide appropriate, co-coordinated, effective and efficient services.

(c) **Reporting.** The HSP will report on its community engagement and integration activities as requested by the LHIN, and in any event, in its year end report to the LHIN.

6.3 Planning and Integration Activity Pre-proposals.

6.3.1 **General:** A pre-proposal process has been developed to (i) reduce the costs incurred by an HSP when proposing operational or service changes; (ii) facilitate the HSP to carry out its statutory obligations; and (iii) enable an effective and efficient response by the LHIN. Subject to specific direction from the LHIN, this pre-proposal process will be used in the following instances:

- (i) the HSP is considering an integration or an integration of services, as defined in the Act between the HSP and another person or entity; or
- (ii) the HSP is proposing to reduce, stop, start, expand or transfer the location of Services; or
- (iii) to identify opportunities to integrate the services of the local health system, other than those identified in (i) or (ii) above; or
- (iv) if requested by the LHIN.

6.3.2 LHIN Evaluation of the Pre-proposal: A pre proposal is not formal notice of a proposed integration under s. 27 of the Act. LHIN consent to develop the project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does LHIN consent presume the issuance of a favourable decision, should such a decision be required by section 25 or 27 of the Act. Following the LHIN's review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the LHIN.

6.4 Proposing Integration Activities in the Planning Submission. No integration activity described in subsection 6.3 may be proposed in a CAPS unless the LHIN has consented, in writing, to its inclusion pursuant to the process set out in 6.3.2.

6.5 Definitions. In this section 6.0 the terms “integrate”, “integration” and “services” have the same meanings attributed to them in subsection 2(1) and section 23 respectively of the Act. Specifically:

and “integration” has a similar meaning; and

- (ii) “service” includes,
 - (a) a service or program that is provided directly to people,

 - (ii) discuss the impact of a Performance Factor on the local health system and the risk resulting from non-performance; and
 - (iii) determine the steps to be taken to remedy or mitigate the impact of the Performance Factor (the “Performance Improvement Process”).

7.4 The Performance Improvement Process. The Performance Improvement Process will focus on the risks of non-performance and problem-solving. It may include:

- (i) a requirement that the HSP develop and implement an improvement plan acceptable to the LHIN and that maximizes overall performance while achieving a balanced budget over a fixed multi-year term;
 - (ii) a revision and amendment of the HSP’s obligations; and or
 - (iii) an in-year, or year end, adjustment to the Funding;
- among other possible means of responding to the Performance Factor or improving performance.

ARTICLE 8 - REPORTING, ACCOUNTING AND REVIEW

8.1 Reporting.

(a) **Generally.** The LHIN's ability to enable its local health system to provide appropriate, co-ordinated, effective and efficient health services as contemplated by the Act, is heavily dependent on the timely collection and analysis of accurate information. - (ii) its CAPS is incomplete;
- (iii) the quarterly performance reports are not provided when due; or
- (iv) financial and/or clinical data requirements are late, incomplete or inaccurate,

(c) HSP's obligations under this paragraph will survive any termination or expiration of the Agreement.

8.3 Document Retention and Record Maintenance. The HSP agrees:

- (i) that it will retain all records (as that term is defined in the *Freedom of Information and the Protection of Privacy Act*) related to the HSP's performance of its obligations under this Agreement for seven (7) years after the termination or expiration of the term of the Agreement. The HSP's obligations under this paragraph will survive any termination or expiry of the Agreement;

- 11.2 **Ibid.** For greater certainty and without limiting subsection 11.1, the LHIN is not liable for how the HSP and its personnel carry out the Services and is therefore not responsible to the HSP for such Services. Moreover the LHIN is not contracting with or employing people for the HSP to carry out the terms of this Agreement. As such, it is not liable for contracting with, employing or terminating a contract or the employment of any personnel of the HSP required to carry out this Agreement, nor for the withholding, collection or payment of any taxes, premiums, contributions or any other remittances due to government for the personnel required by the HSP to carry out this Agreement.
- 11.3 **Indemnification.**

The HSP further agrees to indemnify and hold harmless the Indemnified Parties for any incidental, indirect, special or consequential damages, or any loss of use, revenue or profit, by any person, entity or organization, including without limitation the LHIN, claimed or resulting from such Claims.

11.4 **Commercial General Liability Insurance.**

(a) **Required Insurance.** The HSP will put into effect and maintain, with insurers acceptable to the LHIN, for the period during which the Agreement is in effect, at its own expense Commercial General Liability Insurance, for third party bodily injury, personal injury and property damage to an inclusive limit of not less than two million dollars per occurrence and not less than two million dollars products and completed operations aggregate. The policy will include the following clauses:

- (ii) Contractual Liability;
- (iii) Products and Completed Operations Liability;
- (iv) A valid WSIB Clearance Certificate, or Employers Liability and Voluntary Compensation, which ever applies;

(b) **Certificates of Insurance.** The HSP will provide the LHIN with proof of the insurance required by the Agreement in the form of a valid certificate of insurance that references the Agreement and confirms the required coverage, on or before the commencement of the Agreement, and renewal replacements on or before the expiry of any such insurance.

ARTICLE 12 - TERMINATION OF AGREEMENT

12.1 Termination by the LHIN.

- (a) **Without Cause.** The LHIN may terminate the Agreement at any time, for any reason, upon giving at least sixty Days Notice to the HSP.
- (b) **Where No Appropriation.** If, as provided for in section 4.3, the LHIN does not receive the necessary funding from the MOHLTC, the LHIN may terminate the Agreement immediately by giving Notice to the HSP.
- (c) **For Cause.** The LHIN may terminate the Agreement immediately upon giving Notice to the HSP if:
 - (i) in the opinion of the LHIN:
 - A. the HSP has knowingly provided false or misleading information regarding its funding request or in any other communication with the LHIN;
 - B. the HSP breaches any material provision of the Agreement;
 - C. the HSP is unable to complete or has discontinued the Services; or
 - D. it is not reasonable for the HSP to continue to provide the Services;
 - (ii) the nature of the HSP's business, or its corporate status, changes so that it no longer meets the applicable eligibility requirements of the program under which the LHIN provides the Funding;
 - (iii) the HSP makes an assignment, proposal, compromise, or arrangement for the benefit of creditors, or is petitioned into bankruptcy, or files for the appointment of a receiver; or
 - (iv) the HSP ceases to carry on business.
- (d) **Transition Plan.** In the event of termination by the LHIN pursuant to this subsection, the LHIN and the HSP will develop a transition plan, acceptable to the LHIN that indicates how the needs of the HSP's clients will be met following the termination and how the transition of the clients to new service providers will be effected in a timely manner.

12.2 Termination by the HSP.

- (a) The HSP may terminate the Agreement at any time, for any reason, upon giving 6 months notice to the LHIN provided that the notice is accompanied by

- (i) satisfactory evidence that the HSP has taken all necessary actions to authorize the termination of the Agreement, including if the HSP is:
 - A. an Indian Band, as defined under the *Indian Act*, passing a Band Council Resolution;
 - B. a Municipality passing a municipal by-law or resolution; or
 - C. a corporation passing a board resolution;

authorizing the HSP to terminate the Agreement with the LHIN; and

- (ii) a transition plan, acceptable to the LHIN that indicates how the needs of the HSP's clients will be met following the termination and how the transition of the clients to new service providers will be effected within the six month notice period.

(b) In the event that the HSP fails to provide an acceptable transition plan, the LHIN may reduce Funding payable to the HSP prior to termination of the Agreement to compensate the LHIN for transition costs.

12.3 Opportunity to Remedy.

(a) Opportunity to Remedy. If the LHIN considers that it is appropriate to allow the HSP an opportunity to remedy a breach of the Agreement, the LHIN may give the HSP an opportunity to remedy the breach by giving the HSP Notice of the particulars of the breach and of the period of time within which the HSP is required to remedy the breach. The Notice will also advise the HSP that the LHIN will terminate the Agreement:

- (i) at the end of the notice period provided for in the Notice if the HSP fails to remedy the breach within the time specified in the Notice; or
- (ii) prior to the end of the notice period provided for in the Notice if it becomes apparent to the LHIN that the HSP cannot completely remedy the breach within that time or such further period of time as the LHIN considers reasonable, or the HSP is not proceeding to remedy the breach in a way that is satisfactory to the LHIN.

(b) Failure to Remedy. If the LHIN has provided the HSP with an opportunity to remedy the breach, and:

- (i) the HSP does not remedy the breach within the time period specified in the Notice;
- (ii) it becomes apparent to the LHIN that the HSP cannot completely remedy the breach within the time specified in the Notice or such further period of time as the LHIN considers reasonable; or
- (iii) the HSP is not proceeding to remedy the breach in a way that is satisfactory to the LHIN,

then the LHIN may immediately terminate the Agreement by giving Notice of termination to the HSP.

12.4 Consequences of Termination.

(a) If the Agreement is terminated pursuant to this Article, the LHIN may:

- (i) cancel all further Funding instalments;
- (ii) demand the repayment of any Funding remaining in the possession or under the control of the HSP;
- (iii) determine the HSP's reasonable costs to wind down the Services; and
- (iv) permit the HSP to offset the costs determined pursuant to subsection (iii), against the amount owing pursuant to subsection (ii).

(b) Despite (a), if the cost determined pursuant to section 12.4(a) (iii) exceeds the Funding remaining in the possession or under the control of the HSP the LHIN will not provide additional monies to the HSP to wind down the Services.

12.5 Effective Date. The effective date of any termination under this Article will be the last Day of the notice period, the last Day of any subsequent notice period or immediately, which ever applies.

12.6 Corrective Action. Despite its right to terminate the Agreement pursuant to this Article, the LHIN may choose not to terminate the Agreement and may take what ever corrective action it considers necessary and appropriate, including suspending Funding for such period as the LHIN determines, to ensure the successful completion of the Services in accordance with the terms of the Agreement.

A. Overview
<p>Hospice of Waterloo Region is a charitable organization whose specially trained volunteers help people affected by terminal illness prepare for and cope with death by providing compassionate presence, practical support, and education.</p> <p>In 2009 through 2011 Hospice of Waterloo Region will</p> <p>(1) Work with like minded organizations to build a family centre that will house our services and other community services that contribute to supporting community hospice palliative care. The Hospice Family Centre was to be built on land leased to us by the Grand River Hospital. In December of 2007 they informed us that they had not established a vision for the Freeport site of the Grand River Hospital and advised us to look for other community partners to work with. In 2008 we worked with Lutherwood to look at the possibility of building together and establishing a partnership.</p> <p>(2) Establish a more diversified funding base which includes involving volunteers to implement and monitor our fund raising strategy. Hospice of Waterloo Region would like to continue to diversify our sources of funding as a way of avoiding pitfalls in the event of an economic downturn.</p> <p>(3) Develop a known and respected community presence so that people who need our services know where to turn for help. This includes working with our partners who have traditionally sent us referrals for service (Lisaard House, and Palliative care unit at Freeport and the WWCCAC) as well as developing new and stronger partnerships with groups like Bereaved Families of Ontario, Hope Spring, Grand River Cancer Centre</p> <p>(4) Recruit, retain and develop incredible people resources in the form of volunteers and staff that can carry out the mission of the organization. Hospice is an organization whose activities are principally carried out by volunteers. We believe that strengthening our volunteer base will ultimately lead us to better serving the community.</p> <p>(5) Provide exemplary hospice palliative care services through our volunteers and staff. We will achieve Hospice Association of Ontario's accreditation levels I and II. Level two involves implementing a continuous feedback loop between the volunteer client and the agency which will help us to qualify the effectiveness of our service. As an organization we will also commission help to carry out a gap analysis which will help us to identify areas of need from both the client's perspective and the health care provider's perspective.</p>

B. Advancement of the Integrated Health Services Plan (IHSP)
Hospice of Waterloo Region's strategic plan and operations contribute to the WWLHIN

SCHEDULE B - SERVICE PLAN NARRATIVE

IHSP priorities in the following ways:

We improve access to the health care system for everyone by supporting palliative patients in the community who would otherwise require a hospital bed. Our volunteers follow their clients closely and communicate client needs either directly to the WWCCAC or our client coordinator who insures that clients access appropriate services at the right times.

We promote healthy lifestyle and prevent illness by providing respite in a time of crisis to exhausted caregivers or caregivers who need longer term support so that they can continue to go to work and live relatively balanced lives even with some one who is dying at home. Our volunteers also provide respite to caregivers by running a “Day Away Program.” We run psycho social support groups for bereaved adults and children. Our programs help people cope with issues as they arise and prevent future mental health breakdowns.

Our services are cost effective, affordable and professionally driven. We have 195 trained client volunteers who worked independently with 750 dying people in our community last year. Our budget, of just under \$500,000 supports a small professional staff. This year we will raise a third of our operating budget through the community.

We are working to meet health care needs now and in the future by raising awareness and money to build a community hospice to be centrally located in the Region of Waterloo. Community Hospices can serve more than 10 times as many people in one year compared to residential hospices. We have raised over 1.4 million dollars from hundreds of supporters. We will increase the number of volunteers we train by 10% a year over the next four years and we will have less than a 5% attrition rate. We are increasing our capacity to financially support ourselves yearly and we have been recognized for this achievement by the Donner Foundation and Charity Intelligence. Our Centre for Excellence in palliative care will provide further access to education for volunteers and attract health professionals to our area who are working with the growing number of elderly and young people in our community in need of quality palliative care. We are working on partnerships with like minded organizations and people (i.e. palliative physicians, WWCCAC, Pain and Symptom Management Coordinators) who plan to share space and help us run programs in our facility.

Meeting Obligations under sections16(6) – Engagement by Health Service Providers

Hospice services are delivered by the people who live in our own community. Volunteers deliver our services and run our programs. Our volunteer Board of Directors is still very closely engaged in overseeing our operations even though we do hire staff to run the volunteer training and support of our large volunteer base. New program development is determined by feedback received from our clients or their relatives. By implementing the Hospice Association of Ontario accreditation for Community Hospices we will be raising the bar of accountability. In this standard every volunteer and every client will be contacted at least once a month by our office. Every client family will receive a feedback form and all of our activities will be audited yearly.

Section 24

In 2007-2008 Hospice of Waterloo Region worked with Lutherwood to see if we could establish a partnership with respect to building a new Hospice Family Centre in our Community. It is the intention of our Board of Directors to build a community Hospice

SCHEDULE B - SERVICE PLAN NARRATIVE

that will meet the needs of people who live in the community with a life threatening illness and who want to die at home and not in a hospital bed. This includes children who are dying at home. We have formally invited the palliative care physicians, the Waterloo Wellington CCAC palliative support team members, and the Pain and Symptom Management nurses to join us in this new facility once it is built. There is an interest but no formal commitment from them at this time mainly because we don't know where we will be situated. We would like to move forward with this project and we are currently looking at alternatives. We have 1.4 million dollars waiting to be spent on this project.

Our focus remains community hospice services. Community Hospices are able to serve ten times as many people in one year as a residential Hospice. When people in Canada were asked where they wanted to die, most said at home. Our volunteers are trained to support the emotional, physical and spiritual needs of people dying at home.

C. Situation Analysis

Hospice of Waterloo Region has been renting space at the Grand River Hospital since December 2006. We have been able to run a portion of our programming out of this space, but we also rent different spaces for our training and our children's program. Our Board of Directors is looking for a space to locate the new Hospice Family Centre. We will only develop programming that can be supported by volunteers and backed by our current professional staff. Any programs that are developed need to be supported by a sustainability plan. In 2007/2008 Hospice of Waterloo Region received a three year grant from the Cowan Foundation to support volunteer recruitment and training. We know that this is the best way to build capacity. By training volunteers we grow our workforce of service providers and we increase awareness of our services and our need for community support. We would like to use this project as a spring board to demonstrate how far \$30, 000 can go towards community engagement and increased service delivery. We have directed these funds toward the support of a coordinator of volunteers for the Cambridge area. We will share the results of the project that Cowan has funded in a Health System Improvement Pre-proposal to the LHIN.

There continues to be an on going need to raise funds as operational costs and service requirements increase. Different Foundations and some corporations give us funds from year to year, but no one promises continuous sources of funding. Most donors want to support programs and will not support the operations of an organization. Our Board of Directors is creating a fundraising plan that will support our operations over the next two years and we are confident that we can support the projected budget.

D. Evaluation of Prior Year Performance

Our primary focus for 2007/08 continued to be the direct provision of services to the people in our community who are dealing with a terminal illness. We were able to meet our projections for the number of clients served. In order to support Hospice of Waterloo Region's Volunteer Visiting Program and Client Support Programs we focus much of our time and energy into the following areas: targeted recruitment of volunteers, retention and recognition of volunteers, client assessments, timely matching of clients to

SCHEDULE B - SERVICE PLAN NARRATIVE

volunteers and follow-up. Over the past three years our client volunteer list has grown steadily from 140 in 2005 to 195 in 2008. We also broadened our client services by piloting the Day Away Program in 2007/2008. In 2008/2009 the LHIN supported the addition of this program as another vehicle used to support palliative clients who live in the community and their families. Currently, we manage a case load of 140 clients per month who live in their homes as well as a schedule of volunteer visitors for palliative patients at Lisaard House (Residential Hospice) and Winston Park.

We did experience a slow down in the number of new referrals for the months of August through November. This is attributed to our inability to find a suitable candidate to fill the client services coordinator position in the organization. We hope to make up for this decline in the last two quarters of the year as soon as we get a new person to fill this position.

It is anticipated that we will meet the targeted number of new clients (774) for 2008/2009.
